

Insulated Shaft Potentiometer

INVK9 (1R) Series 10mm width compact type potentiometer

- ▶ **Features** : Suitable for high-density mounting
- ▶ **Applications** : All kinds of electronic equipments, Automobile, Consumer electronics

▶ **Specifications :**

Total resistance tolerance	±20%
Voltage rating	AC 50V, DC 10V
Rotational angle	300±5°
Rotational torque	20 ~ 250gf.cm
Operating life	10,000 cycles
Operating temperature range	-10°C ~ +70°C

▶ **Part list**

Part No.	Mounting direction	Resistance taper	Length of shaft (mm)	Total resistance (kΩ)	QTY per pack (Plastic bag)
INVK9(1R)PV13F-B10K	Vertical	B curve	13	10	400
